

WOODBIDGE GREENS....

June 28, 2020

Haley Construction

Dear Jim,

On behalf of the Woodbridge Greens HOA I would like to thank you and your crew for all their work on our west pond drainage. Your staff was very courteous, easy to work with and explained fully to our board what had to be done and why.

I would also like to thank your office staff who have always answered our calls with sincerity and followed through in getting us to the right people. It is refreshing to speak to a person, not a machine, in this day and age and sometimes we all seem to forget to mention this.

Stay safe and we look forward to working with you in the future.

Sincerely,

Helen Crane, President Woodbridge Greens HOA
